1. This application is in condition for allowance except for the following formal matters:

Applicants' remarks with the most recent communication regarding past IDS submissions have been noted. It appears that there has been some confusion in the association of the several IDS submissions with the instant application, partially due to some of them being incorrectly labelled for Art Unit 2622, instead of Art Unit 3662. Applicants are hereby **required** to review the attached copies of the considered PTO-1449's and to inform the USPTO if all of the submitted forms have been considered or to supply those that are not associated with the file. **Correction is hereby required within the period for response to this Office Action.**

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
